

12 July  
"soon amongst others"  
Tudo de Paris e a sua vida

from AMPLE FOOD FOR STUPID THOUGHT  
by Robert Filliou

I bought myself an electric saw.  
I'm sawing hands and ends. Every  
night I dream of sawing. It  
wakes me up. Today, I ordered  
wood in Nice. It'll be delivered  
tomorrow morning, 7.30 A.M.,  
while you'll be asleep - perhaps  
and dreaming of... Tell me what  
I'm having an exhibition in Paris  
October 4<sup>th</sup> (instead of Dec. 15<sup>th</sup> as  
first planned). So I should be in  
N.Y. around the end of October.  
Nice, no? Things have picked up  
here. I'm fine - Are you? Love R.
